

## Agenda of the 2010 HMORN Annual Conference

**Sunday, March 21      Hyatt Regency, Austin TX**

*This year's meeting begins on Sunday, March 21 with the Governing Board Meeting scheduled from 9:30 to 5 p.m. Meeting space at the Hyatt will be available for ancillary meetings. The HMORN Information Desk will be open from 1:30 to 5 p.m.*

- |                       |   |
|-----------------------|---|
| <b>1:00-5:00 pm</b>   | Conference Registration Desk Open   |
| <b>9:30 – 5:00 pm</b> | <b>Governing Board Meeting</b>  |
| <i>Foothill Room</i>  |   |
| Closed Meeting        |   |
| <b>3:00-4:00 pm</b>   | <b>CRN Health Literacy focus on Oral Communication - Kathy Mazor</b>  |
| Hill Country A        |   |
| Closed Meeting        |   |
| <b>4:00-5:00 pm</b>   | <b>CRN Health Literacy focus on Oral Communication - Kathy Mazor</b>  |
| Hill Country A        | Update on progress, plans for future directions, assessing potential collaborations.  |
| Open Meeting          |   |
| <b>3:00–5:00 pm</b>   | <b>Radiology Utilization, risks &amp; benefits in the HMO CRN - Rebecca Smith-Bindman</b>   |
| Hill Country B        | Discussion on preliminary data that has been collected across several CRN sites, focused around study design for the projects included in the proposal.   |
| Open Meeting          |   |
| <b>3:00-8:00 pm</b>   | <b>CHeCS - Zahra Daar</b>   |
| Hill Country C        | Discuss funding status and deliverables for next contract period. Demonstration and hands-on training of portal access, data file transmission, and abstracting data entry screens. Discuss cohort selection and screening sub-study.                           |
| Closed Meeting        |   |
| <b>5:00-8:00 pm</b>   | <b>CESR Data Workgroup - Alan Bauck</b>   |
| Hill Country A        | Focus on increasing collaboration within the HMORN, reviewing progress of the VDW readiness at each region, infrastructure development planning, and an update on quick hit projects  |
| Closed Meeting        |   |
| <b>5:30-7:00 pm</b>   | <b>CRN Pilot Project Seminar - Leah Tuzzio</b>  |
| Hill Country B        | This Session will be led by four Cancer Research Network pilot projects that started in May 2009. We will briefly learn about the background, preliminary findings, lessons and future project ideas and have a general discussion about the CRN Pilot Program. |
| Open Meeting          |   |
|                       | Dinner on your own  |

7 am–5 pm

*Texas West Lobby*

**Conference Registration desk open**

7:00-8:00 am

Hill Country A

Closed Meeting

**CRN Pharmacovigilance - Nicholas Vanneman**

Building a Pharmacovigilance population-based laboratory

Meeting between site investigators to discuss study progress, including chart validation, final analyses and papers

8:00-9:30 am

*Texas Ballroom 1- 3*

*Breakfast buffet*

*beginning at 7:30*

**Plenary I: Opening Comments by Dr. Alan Stevens, PhD, Scott & White Healthcare**

**Healthcare reform and healthcare delivery research. Dr. James Rohack**, President of the American Medical Association, will discuss healthcare reform as well as the relationship between health care researchers and health care providers, emphasizing the need to develop common goals to promote health

9:45–11:15 am

Hill Country A

**C- A1 Physical Activity and Wellness**

This session will present multiple interventions and care delivery strategies that promote physical activity, health lifestyles and workplace wellness.

**Changes in Physical Activity and Nutrition in a Behavioral Intervention Pilot Study - Passport to Brain Wellness**

Brian Martinson, MS, PhD, HealthPartners Research Foundation

**Evaluating Kaiser Permanente Georgia's Worksite Wellness Programs in the Atlanta Area**

Douglas Roblin, PhD, Kaiser Permanente Georgia

**The Role of Physical Activity in Business: Evidence, Context, and Recommendations for a National Plan**

Nico Pronk, PhD, MA, HealthPartners

**Evaluating and Enhancing the Effect of a Patient Panel-Support Tool on Care Delivery**

Adrienne Feldstein, MD, MS, Kaiser Permanente Northwest

9:45-11:45 am

Hill Country B

**C - A2 IRB Issues (Human Subject Research) Sarah Greene, MPH; Group Health**

This session will review and discuss how to use the facilitated IRB review process outlined in the Standard Operating Procedure and how to further facilitate multi-site IRB review, along with attendant concerns such as HIPAA. Additionally this session will provide a

snapshot of recent and upcoming developments across the Network sites, including human research protection program accreditation efforts and migration to electronic IRB systems.

### **IRB Review In The Era Of ARRA: Streamlining Without Sacrifice**

Jeffery Braff, PhD; Kaiser Permanente Colorado

Karin Johnson, PhD; Group Health Center for Health Studies

**9:45-11:15 am**

Hill Country C

### **C - A3 CRN Scholars**

#### **Collaborative Research across Disciplines and Place: Opportunities, Challenges, and Strategies for Success**

**Robert Fletcher**, MD, MSc; Harvard Pilgrim Health Care Institute

This interactive session will address strengths, obstacles, and strategies for success in multi-disciplinary, multi-site research. To address these issues, CRN Scholars will present two to three case studies, based on their own experiences with research in the Network. A panel of seasoned CRN investigators will comment on each case study, drawing lessons from what went well or badly, and then invite members of the audience to contribute. Scholars will be prepared to comment on lessons from the research literature on cross-disciplinary, cross-site projects. During the session, a running record of the menu of possibilities raised for avoiding or solving problems and achieving success, will be kept. A moderator will summarize lessons learned at the end of the session.

#### **Panel members**

Christine C Johnson, PhD, MPH; Henry Ford Health System

Rebecca A. Silliman, MD, PhD; Boston Medical Center

John F. Steiner, MD, MPH; Kaiser Permanente Colorado

#### **Presenters:**

Nangel Lindberg, PhD; Kaiser Permanente Northwest

Diane Smelser, PhD; Geisinger Center for Health Research

Kathleen Walsh, MD, MSc; Myers Primary Care Institute

**9:45-11:15 am**

Hill Country D

### **C- A4 Health and Bioinformatics I – Rachele Kaye, PhD and Ted Palen, PhD, MD**

This session will include a discussion of research studies that have investigated the impact of specific community characteristics and patient race in health research.

#### **Providing Care for Cancer Survivors in Integrated Delivery Systems:**

Monday, March 22

Hyatt Regency, Austin, TX

**An Assessment of Current Practices and Future Opportunities**

Jesica Chubak, PhD, Group Health

**Spatial Agent Based Modeling of Sexually Transmitted Diseases in the United States: An Application to Screening Strategies for Chlamydia**

Ajay Behl, PhD, MBA, HealthPartners

**Neighborhood-level Deprivation Does Not Explain the Association of African-American Race with Sleep Apnea Severity**

Andrea Cassidy-Bushrow, Henry Ford Health System

**Maximizing Positive Predictive Value in the Classification of Clinical Notes: a Case Study in Mining Patient Race**

David Baldwin, BS, Group Health Research Institute

9:45-11:15 am

Foothills I

**C- A5 VDW Infrastructure – Mark Hornbrook, PhD and Jeffery Brown, PhD**

This session will focus on technological and methodological innovations necessary in the construction and optimal use of virtual data warehouses.

**Clarity and Research**

Jamila Gul, BS, Kaiser Permanente Northern California

**Design of a Distributed Data Network for Comparative Effectiveness Research**

Jeffrey Brown, PhD, Harvard Medical School / Harvard Pilgrim Health Care Institute

**VDW Architecture and Implementation**

Debbie Godwin, BS, Scott & White Healthcare

**A Simple Accurate SAS Algorithm for Electronic Abstraction of Race from Digitized Progress Notes**

Douglas Roblin, PhD, Kaiser Permanente Georgia

9:45-11:15 am

Boardroom

**C - A6 DRN2**

Meeting will include status updates on major work streams, a presentation on the DRN application and enhancements, and brainstorming of policies, principles, and general operating structure for use of the DRN

**Enhancement Demonstration and Governance Panel Meeting**

Adam Sigelman, BA, Harvard Pilgrim Health Care Institute/Harvard Medical School

Andrew Nelson, MPH, HealthPartners Research Foundation

**11:15-12:00 pm**  
*Texas Ballroom 4 - 7*

**Poster Session I Set-Up**

**12:00-3:00 pm**

Hill Country A  
Closed Meeting

**CVRN Steering-Sue Hee Sung**

Develop a strategic plan for the future of the CVRN, which includes a discussion of current and upcoming collaborative studies.

**12:00-1:30 pm**

Hill Country B  
Open Meeting

**CRN Sites - Carol Somkin**

Discuss strategies that CRN sites can use to recruit patients to the NSABP Protocol, P-5: Statin Polyp Prevention Trial in Patients with Resected Colon Cancer.

**12:00-3:00 pm**

Hill Country C  
Closed Meeting

**CRN Steering-Leah Tuzzio**

Discuss CRN Steering Committee business

**12:00-1:30 pm**

Hill Country D  
Closed Meeting

**DMCER Analysts - Cathy Chou**

Programmers/analysts involved in 2 diabetes comparative effectiveness studies to discuss and work out the details of the study protocols, data abstraction plan, and study timelines. May also trouble-shoot any problems with data abstraction and review preliminary data if available

**12:00-1:30 pm**

Foothills I  
Open Meeting

**Pediatric SIG - Kathleen Walsh**

Discuss common interest and possible collaboration among pediatric researchers.

**12:00-1:30 pm**

Board Room  
Closed Meeting

**SEARCH - Tyler Ross**

Discuss current programming requests, data development needed for the study, and to share lessons learned from project work to date

**1:30-3:00 pm**

Hill Country B  
Closed Meeting

**DMCRC Collaborators - Cathy Chou**

Investigators and biostatisticians involved in 2 on-going diabetes comparative effectiveness studies to review and discuss study progress (including reviewing preliminary data, if available), timelines, and project deliverables

**Monday, March 22**

**Hyatt Regency, Austin, TX**

**1:30-3:00 pm**

Hill Country D

Closed Meeting

**The Journey for Control of Diabetes IDEA study - Omar Fernandes**

Discuss the study's progress

**1:30-3:00 pm**

Foothills I

Open Meeting

**Genetics of Drug-Induced Serious Adverse Events Study - Mia Hemmes**

To finalize clinical case validation criteria and go over initial results from the study which involves identifying well-phenotyped patients with drug-induced liver injury.

**1:30-3:00 pm**

Board Room

Open Meeting

**Mental Health Research Network - Gregory Simon**

Update of pending grant application, identify new opportunities for collaboration, identify potential collaborating investigators not included in the original grant submission

**3:15-4:15 pm**

*Texas Ballroom 4 - 7*

*Refreshments from 3:30 -4:00 pm*

**Poster Session I Review and Discussion**

Genetics

Health and Bioinformatics

HMORN Administration

HMORN Network

**4:15 –4:30 pm**

**Break**

**Remove Session 1 posters**

**4:30-5:30 pm**

*Texas Ballroom 1-3*

**Plenary II: AHRQ Director Dr. Clancy**

**5:30 – 6:30 pm**

*Foothills Ballroom*

**Reception in Honor of Dr. Clancy and Dr. Larson**

Please join the HMORN Board of Governors in a cocktail reception to honor Dr. Clancy's leadership of AHRQ and Dr. Larson's leadership of the HMORN Board of Governors.

Dinner on your own

**6:30-8:30 pm**

Hill Country A

Closed Meeting

**CVRN Surveillance Study - Steve Sidney**

Business meeting to present a progress report, discuss current study issues, and to follow-up on questions that arise during the March 1 face-to-face meeting of research teams from all sites

**6:30-8:30 pm**

Hill Country B

Closed Meeting

**CRN SDRS Leadership - Sarah McDonald**

Working meeting of the CRN's Scientific and Data Resources Core Leadership Committee

**6:30-8:30 pm**

**CERT & DEcIDE - Kimberly Lane**

**Monday, March 22**

**Hyatt Regency, Austin, TX**

Hill Country C

Review the projects and plan for the future

Open Meeting

**6:30-8:30 pm**

**Disparities Interest Group - Leo Morales**

Hill Country D

Share ongoing research, develop multi-site proposals, and discuss new developments

Open Meeting

**6:30-8:30 pm**

**Cancer Survivorship Interest Group - Larissa Nekhyludov**

Foothills I

Discussion of ongoing survivorship project

Open Meeting

**6:30-8:30 pm**

**ALS - Zahra Daar**

Board Room

Closed Meeting

Tuesday will be solid 'core' meetings with meeting space available mainly in the evening.

**7:00 am–5:00 pm**

*Texas West Lobby*

**Conference Registration desk open**

**7:00 – 8:00 am**

*Austin's Nature Trail  
along Lady Bird Lake*

**Run/Walk (organized by S&W)**

**7:00 – 8:00 am**

*Texas Ballroom 4 - 7*

**Poster Session 2 Set-Up**

**7:00-8:00 am**

Hill Country A

Open Meeting

**FDA Sentinel - Kimberly Lane**

Review HMORN participation and FDA Mini-Sentinel project, which involves creating a "laboratory" for developing and evaluating safety surveillance scientific methodologies

**7:00-8:00 am**

Hill Country B

Closed Meeting

**The Journey for Control of Diabetes IDEA Study - Omar Fernandes**

Discuss the study's progress

**8:00-9:30 am**

*Texas Ballroom*

*Breakfast buffet*

*beginning at 7:30*

**Plenary III: Early Stage Investigators Awards – Introduction by Dr. Richard Beswick, PhD, MBA, Scott & White Healthcare**

Early career investigators make significant contributions to the HMORN, making them one of the network's greatest assets. The Network is committed to the success of young investigators through effective mentoring, access to local and shared data sources, cross-site collaborations. The purpose of this plenary is to recognize and showcase the work of four exceptional early investigators. These investigators were selected by a competitive process that included a review of their current research and biosketches as well as statements from their mentors.

**A Methodology for Quantitative Measurement of Quality and Comprehensiveness of a Research Data Repository**

Vojtech Huser, MD, PhD; Marshfield Clinic

**Propensity Score-based Sensitivity Analysis Method for Uncontrolled Confounding**

Lingling Li, PhD; Harvard Medical School and Harvard Pilgrim Health Care Institute

**Adherence to Home Blood Pressure Monitoring in Patients with Uncontrolled Blood Pressure**

Simrandeep Tiwana, MBA, PhD; HealthPartners

**Responses to Drug Costs: Year Three of the Medicare Part D Program**

Vicki Fung, PhD; Kaiser Permanente Division of Research

**9:30 – 10:30 am**  
*Texas Ballroom 4 - 7*

**Poster Session 2 Review and Discussion**

Health and Bioinformatics  
Diabetes  
Clinical Effectiveness  
Managing Chronic Illness

**10:30-12:00 noon**  
Hill Country A

**C - B1 Managing Chronic Illness – Marcia Ory, PhD, MPH**

This session will discuss patient and healthcare system characteristics that influence the management of chronic illness.

**eCare For Health: Evaluation of On-line Care Management Program for Diabetes**

Enid Hunkeler, MA; Kaiser Permanente, Northern California

**Strategies Used by Physicians to Treat Hypertension**

William Rush, PhD; HealthPartners Research Foundation

**The Association Of Optimal Lifestyle Adherence With Emotional Health Indicators Among Active Employees**

Thomas Kottke, MD, MSPH; HealthPartners Research Foundation

**Trends and Predictors for Asthma Treatment and Control: 2002 to 2007**

Jeanne Madden, PhD; Harvard Medical School and Harvard Pilgrim Health Care Institute

**10:30-12:00 noon**  
Hill Country B

**C- B2 Cancer I - Larissa Nekhlyudov, MD, MPH and Chyke Doubeni , MD, MPH**

This session will present new findings on topics associated with the diagnoses and treatment of cancer.

**A panel of markers with potential clinical diagnostic application**

Nava Nawaz, MD, Geisinger Health System

**Breast Density In Multiethnic Adolescent Girls**

Rachel Novotny, PhD, RD, University of Hawaii at Manoa

**Patients' Views On Delayed Diagnosis In Cancer**

Kathleen Mazor, EdD, MS, Meyers Primary Care Institute

10:30-12:00 noon

Hill Country C

**The Association of Vitamin D Insufficiency and Nonmelanoma Skin Cancer in a Cohort of Osteoporosis Patients**

Dayna Johnson, MPH, MSW, Henry Ford Health System

**C - B3 Research and System Changes/Shared Decision Making I - Nirav Shah, MD, PhD and David Arterburn, MD, MPH**

This session will discuss the inter-related issues of patient behaviors (e.g., medication adherence) and healthcare system innovations that promote optimal healthcare utilizations and positive health outcomes.

**Medical Homes-Relation to Quality, Cost, and Patient Satisfaction**

Leif Solberg, MD, HealthPartners Research Foundation

**Doctors' Role in Their Patient's Healing : Practices of The Highest Performing Physicians By Patient Survey**

Tom Janisse, MD, Kaiser Permanente

**Development and Pilot Testing of Guidelines to Monitor High-Risk Medications in the Ambulatory Setting**

Jennifer Tjia, MD, MSCE, University of Massachusetts Medical School

**Medication Adherence, Rehospitalization and ER Visits Following Hospitalization for Members of a Medicare Cost-Contract HMO**

Angela Hochhalter, Ph.D, Scott & White Healthcare and Texas A&M HSC

10:30-12:00 noon

Hill Country D

**C- B4 Cardiovascular – Catherine McNeal, MD, PhD and Stephen Sidney, MD, MPH**

This session will discuss new findings on a range of topics important in the treatment of cardiovascular disease in woman and hospitalized patients.

**Cognitive Impairment in Patients Hospitalized for Decompensated Heart Failure**

Jane Saczynski, PhD, Meyers Primary Care Institute

**Determining Genetic Risk Factors for Post- Hospitalization development of Deep-Vein Thrombosis**

Deanna Cross, PhD, Marshfield Clinic Research Foundation

**Missed Opportunities in CVD Prevention? Women with Elevated Blood Pressures in OB/GYN Clinics are Less Likely to Be Recognized as Hypertensive**

Julie Schmittiel, PhD, Kaiser Permanente Northern California

**Underuse of Aspirin in Women for Primary and Secondary Prevention of Cardiovascular Disease Events**

Cathleen Rivera, MD, MS, Scott and White

**10:30-12:00 noon**

Foothills II

**C- B5 Health and Bioinformatics II – Walter Stewart, MPH, PhD**

This session will include the discussion of methodological advances in the use of vaccine safety monitoring, electronic medical records and virtual data warehouses that lead to new knowledge and that have the potential to improve patient outcomes.

**A Low-Tech Text Mining Approach to Reducing the Burden of Manual Chart Abstraction**

David Carrell, PhD, Group Helath

**H1N1Vaccine Safety Monitoring in the Vaccine Safety Datalink Project: New Challenges and Useful Lessons**

Tracy Lieu, MD, MPH, Harvard Pilgrim Health Care Institute and Harvard Medical School

**Using and Enhancing the VDW for Economic Research in Cancer**

Mark Hornbrook, PhD, Kaiser Permanente Northwest

**An Algorithm for Classifying Potential Cases of Amyotrophic Lateral Sclerosis from Electronic Health Records Using Decision Tree Analysis.**

Kathleen Albers, MPH, Kaiser Permanente

**12:00 – 2:00 pm**

Hill Country A-D,  
Foothills II

**Conversation Café and Lunch**

**2:00-3:30 pm**

Texas Ballroom 1-3

**Plenary IV: Plenary II: State of the Network – Eric Larson, MD, MPH, MACP**

This annual presentation is delivered by the current Chair of the HMORN Governing Board. The Chair will provide an overview of the current "state of the Network" with a particular focus on new directions, opportunities and infrastructure being developed by the HMORN to provide administrative and research support to members

of the HMORN who wish to find collaborators at other partnering centers or to prepare collaborative proposals. The annual presentation also provides an opportunity for the Chairperson to report the results of the daylong meeting of the Governing Board which occurs the day before the annual meeting. The presentation will be followed by an open session for discussion and possibly a reactor panel to discuss emerging topics such as policies being considered to support our Virtual Data Warehouse (VDW) efforts.

**3:30-4:00 pm***Ballroom 4-7***Break**

Removal Poster Session 2

**4:00-5:30 pm**

Hill Country A

Closed Meeting

**CVRN ICD Study - Robert Greenlee**

Working meeting of site investigators and staff involved in the Longitudinal ICD Study

**4:00-5:30 pm**

Hill Country B

Closed Meeting

**MEPREP - Kimberly Lane**

Review the Medication Exposure in Pregnancy Risk Evaluation Program

**4:00-8:00 pm**

Hill Country C-D

Open Meeting

**VDW Implementation Group - Jeff Brown**

This session will focus on planned improvements to the HMORN VDW

**4:00-8:00 pm**

Foothills II

Closed Meeting

**CERGEN-C - Tia Kauffman**

A chance for the working groups to work together, each project to update the group, and to discuss future directions

**4:00-5:30 pm**

Board Room

Closed Meeting

**HMORN DUA Streamlining Workgroup - Ella Thompson****5:30-8:00 pm**

Hill Country A

Open Meeting

**CRN Patient-Centered Communication - Kathy Mazor and Neeraj Arora**

Discuss new possibilities for projects and update on current ongoing communication.

**5:30-8:00pm**

Hill Country B

Open Meeting

**HMORN Obesity Special Interest Group - David Arterburn**

Discuss recently completed, ongoing, and planned projects in areas of obesity treatment and prevention among adults and children

**7:30 pm****Poster 3 Set up****7:30 pm on****Enjoy Austin's Restaurants and Music Scene on Your Own**

Wednesday will be solid 'core' meetings with meeting space available mainly in the afternoon.  
 Wednesday morning will start off with a 5K Run / 2K Walk.

**7:00 am–Noon**

*Texas West Lobby*

**Conference Registration desk open**

**7:00-8:00am**

Hill Country A

Open Meeting

**Understanding the Value of the Distributed Research Network Tool: Demonstration and Q & A with the Developers - Beth Syat**

This session will include a hands-on demonstration of the uses and application of the Distributed Research Network and future plans for the Network.

**7:00-8:00 am**

*Texas Ballroom 4-7*

**Poster Session 3 Set up**

**7:00 – 8:00 am**

*Austin's Nature Trail along Lady Bird Lake*

**5K Run/2K Walk**

**8:00 – 9:30 am**

*Texas Ballroom*

*Breakfast buffet*

*beginning at 7:30*

**Plenary V: Cancer**

**9:30 – 10:30 am**

*Texas Ballroom 4-7*

**Poster Session 3 Review and Discussion**

Treatment Adherence

HMORN Technical

Cancer

Research and System Changes/Shared Decision Making

**10:30-11:00 am**

**Break**

Removal of Poster Session 3

**11:00-12:30 pm**

Hill Country A

**C -C1 VDW Implementation – Marsha Raebel, Pharma D and Roy Pardee III, JD, MA**

This session will focus on the use of statistical techniques and approaches associated with the HMORN's Virtual Data Warehouse (VDW).

**Building the Hypertension Registry: Adventures in Using The VDW Model**

Heather Tavel, BS, Kaiser Permanente Colorado

**Creating a GIS Infrastructure to Evaluate Air Quality's Effect on**

Wednesday, March 24

Hyatt Regency, Austin, TX

**Health Outcomes**

Rick Krajenta, BS, Henry Ford Healthcare System

**Using the Electronic Health Record to Create Population Denominators: Optimization using Insurance Enrollment**

G. Craig Wood, MS, Geisinger Center for Health Research

**How to Win Friends and Influence People with the SAS Output Delivery System**

William Tolbert, MA, Group Health Cooperative

11:00-12:30 pm

Hill Country B

**C -C2 Diabetes and Obesity – Matthew Gilman, MD and Vasu Raghavan, MD**

This session will feature innovative research methods and interventions applied to the study of patients with diabetes.

**Cost Effectiveness of a Simulated Physician Learning Program Improved Glucose Control in Adults with Diabetes**

Todd Gilmer, PhD, University of California, San Diego

**The High Five for Kids Study: An intervention to improve primary care to prevent childhood obesity**

Matthew Gillman, MD, Harvard Pilgrim Health Care Institute

**The Risk for Diabetes Mellitus among Women with Gestational Diabetes: A Population-Based Study in Israel**

Gabriel Chodick, PhD, MHA, Maccabi Healthcare Services

**Using Electronic Health Record Data for Large Scale Studies of Pediatric Obesity and the Built Environment in Urban and Rural Settings**

Walter Stewart, PhD, MPH, Geisinger Clinic

11:00-12:30 pm

Hill Country C

**C- C3 Cancer II**

This session will feature the diverse of cancer research in the HMORN by highlighting new evidence regarding screening, prevention and survivorship.

**Adolescent And Young Adult Cancer Survivors In The Cancer Research Network**

Ann Geiger, PhD, Wake Forest University School of Medicine

**Ethnic Differences in Interval Diagnosed Breast Cancers in South**

Wednesday, March 24

Hyatt Regency, Austin, TX

**Carolina**

Emily Smith, MSPH, BS, Scott & White Healthcare

**Indicators of Lifetime and Annual Mammography Screening in the Brazos Valley**

Marcia Ory, PhD, MPH, Texas A&M Health Science Center

**Neighborhood Socioeconomic Conditions and Use of Preventive Health Care Services in Insured Populations**

Chyke Doubeni, MD, MPH, University of Massachusetts Medical School

11:00-12:30 pm

Hill Country D

**C -C4 Research and System Changes/Shared Decision Making II – Tom Miller, PhD, MBA**

This session will feature studies that inform and have the potential to change healthcare delivery.

**Functional Magnetic Resonance Imaging (fMRI) and Diffusion Tensor Imaging (DTI): An Efficient, Non-invasive Alternative to Conventional Pre-surgical Planning in Neurosurgery**

Jennifer Robinson, PhD, Scott & White Memorial Hospital

**Home Medication Errors in Children: An Opportunity For Improvement**

Kathleen Walsh, MD, MS, Meyers Primary Care Institute

**Teen Tobacco Use and Depression in Primary Care**

Virginia Quinn, PhD, Kaiser Permanente Southern California

**Mammography Screening and Surgical Biopsies: Are Women Being Subjected to Unnecessary Biopsies?**

Azadeh Stark, PhD, Geisinger Center for Health Research

11:00-12:30 pm

Foothills II

**C -C5 HMORN Administrator's Annual Review and Planning**

Tim O'Bar, Group Health  
Ella Thompson, Group Health  
Kate Rardin, HealthPartners Research Foundation

The administrator's group will review the activities and projects that were planned during the 2009 conference and solicit ideas for the coming year. Please join in the discussion-we'd love to have participation from all member organizations. Current activities being discussed include Subcontract and Data Use Agreement Templates,

**Wednesday, March 24**

**Hyatt Regency, Austin, TX**

Website Development, Organizational Structures and benchmarking.

**12:30-5:00 pm**

Hill Country B

Closed Meeting

**CRN Scholars - Jane Colagiovanni**

Provide the scholars with an opportunity to meet face-to-face with the Program Directors, the Program Coordinator, and each other. Agenda will include writing an abstract, meeting with a CRN leader, the NCI Mentoring program, a meeting with an HMORN leader, writing a discussion section, and meeting with a leader in health services research

**12:30-5:00 pm**

Hill Country C-D

Open Meeting

**VDW Implementation Group - Jeff Brown**

This session will focus on planned improvements to the HMORN VDW

**5:00 pm on**

**Conference Ends**

**CRN Scholars Reception and Dinner - Jane Colagiovanni**
